**Teamster Pension Trust Article XVIII** Executive Board 8/21/00

IT IS AGREED by and between each signatory Employer and the International Brotherhood of Teamsters that such Employer hereby subscribes to the various agreements and declarations of trust and policies and procedures of the particular funds into which such Employer will be required to make contributions pursuant to the Idaho National Environmental and Engineering Laboratory Site Agreement, and agrees to be bound thereby and to amendments made or to be made thereto; and authorizes the parties to such trust agreements to name the trustees and successor trustees, and to administer the trusts; and does hereby ratify and accept such trustees and the terms and conditions of said trusts as fully and as completely as if made by each signatory Employer; provided, however, that no amendments or provisions of said trust agreements shall bind the Employer for any financial obligations beyond that set forth in the INL Site Agreement pursuant to which such contributions are made. Said Employer's obligations shall also be considered within and limited by the construction industry exemption of the Employee Retirement Income Security Act ("ERISA"), as amended by the Multiemployer Pension Plan Amendments Act of 1980 ("MEPPA") as long as said Employer is a construction industry employer within the meaning of 29 U.S.C. 1383(b) of ERISA and/or MEPPA. Furthermore, under this Agreement, Employer shall only be obligated to contribute to plans which primarily cover employees in the building and construction industry or plans which have been amended to provide that the construction industry exemption of Sec. 4203 of ERISA applies.

**WORKING CONDITIONS - TEAMSTERS ONLY**

1. Whenever a driver is fined, through no fault of his own, because of overload, including maximum weights or load distribution, or faulty equipment, the Employer shall pay all fines assessed against the Employee. If the Employee loses time, he shall be paid for the hours lost at the straight time hourly wage rate.
2. Actual reasonable road expense (meals and lodging receipts required) for Low Boy transport and other drivers will be reimbursed by the Contractor for time spent overnight away from established job site or Contractor headquarters.
3. It is the intent of this Agreement that warehousemen will not drive; drivers will not warehouse. It is also understood that certain situations will merit an overlap of these classifications to avoid gross featherbedding. Any overlap will only be allowed when there is a mutual consent between the Union and the Contractor.
