THIS AGREEMENT is made and entered into this 19th day of June, 1984, by and between the Contractors and Subcontractors signatory to this AGREEMENT, hereinafter referred to as "EMPLOYERS," performing construction work (determined to be covered by the Davis-Bacon Act by the OWNER), and the Building and Construction Trades Department of the AFL-CIO, the Idaho Building and Construction Trades Council and the International Unions affiliated therewith signatory hereto, the International Brotherhood of Teamsters, Chauffeurs, Warehousemen and Helpers of America, and the signatory local unions, hereinafter collectively called "UNIONS".

ARTICLE I (1)
BARGAINING AGENT

The EMPLOYERS are the principals and do not act as the agent of or bind the OWNER for any purpose relating to or arising out of the terms and conditions hereof. Each UNION signatory hereto agrees that it will confer and negotiate only with the EMPLOYERS or their duly authorized representatives on all matters in the administration, interpretation, and enforcement of the terms of this AGREEMENT.

In the event of any violation of the terms of this AGREEMENT, the responsible and authorized representative of the UNIONS signatory hereto, or EMPLOYER, as the case may be, shall promptly take such affirmative action as is within their power immediately to correct and terminate the violation.

ARTICLE II (2)
PREAMBLE

The parties to this AGREEMENT recognize that the work covered by this AGREEMENT is specialized and unique construction requiring long periods of time, large scale capital outlays, exacting construction and performance standards including protection of the health and safety of the public and EMPLOYEES, and a need for higher labor skills for many operations and complex managerial organizations. The careful planning and scheduling of work operations can make a major contribution in this circumstance to cost reduction and more rapid job completion. The parties further recognize the national importance of the INL mission in assuring adequate supplies of energy for economic growth and national defense, the creation of job opportunities and for a greater degree of energy independence in the national interest. The parties believe that this AGREEMENT constitutes a vital contribution to the achievement of the objectives of national defense and a national energy policy.

It has been determined necessary, pursuant to the authority of Public Law 85-804, vested in the Secretary of the Department of Energy by Executive Order 10789, to facilitate such national defense and national interest to include a clause in OWNER contracts and subcontracts thereunder and amendments and modifications thereof, for the performance of work under contracts and subcontracts which are subject to the Davis-Bacon Act within the TERRITORY requiring such contractors to pay the money provisions of this AGREEMENT.

(2)

This AGREEMENT is to aid in the elimination of construction delays attributed to labor-management issues and increasing the opportunity for more effective planning of work operations by contractors. The AGREEMENT is uniquely a full and complete SITE STABILIZATION AGREEMENT that does not depend on other collective bargaining agreements in the construction industry whether local, regional, or national in scope except as defined herein. The parties agree to abide by the terms and conditions of employment set forth in this AGREEMENT and to resolve any questions or any dispute in accordance with the procedures specified in this AGREEMENT without, strike, lockout or other interruption of work operations. Additional contractors or association of contractors may become parties to this AGREEMENT for all construction work encompassed by this AGREEMENT.

ARTICLE III (3)
TERRITORY

This AGREEMENT shall cover all OWNER contracts or subcontracts for the performance of construction work at the actual site of construction within the geographic confines of the Idaho National Engineering and Environmental Laboratory.

ARTICLE IV (4)
OWNER

The OWNER, for the purpose of the AGREEMENT, shall be the U.S. Department of Energy (DOE), or successor agency.

ARTICLE V (5)
SCOPE OF AGREEMENT

The terms of this AGREEMENT shall not apply to work of the EMPLOYER being performed under the terms of the National Tank Manufacturers' Agreement, the Stack Agreement, or the Cooling Tower Agreement. In the event of a conflict between any provisions of this AGREEMENT and those existing in any other national or local agreements, the terms of this AGREEMENT will be applied and shall prevail.

The deliveries of equipment, apparatus, machinery, and construction material to the site of construction shall not be within the scope of this AGREEMENT until such equipment, apparatus, machinery and construction material is placed in the possession and control of an EMPLOYER bound by the terms of this AGREEMENT.

The handling of construction materials at the railhead and to the project shall be the work of the appropriate craft. Providing, however, that nothing herein shall limit the use of common carriers for the handling, transporting, and warehousing of the OWNER'S materials and equipment.

The handling of excess construction materials at the jobsite and to the OWNER'S designated storage point shall be the work of the appropriate craft.

(3)
ARTICLE VI (6)
MANAGEMENT RIGHTS

The EMPLOYER retains full and exclusive authority for the management of his operations. Except as expressly limited by other provisions of this AGREEMENT, the EMPLOYER may direct his working forces at his sole prerogative, including hiring or termination for just cause, of his EMPLOYEES. No rules, customs, or practices shall be permitted or observed which limit or restrict production or limit or restrict the joint or individual working efforts of EMPLOYEES. The EMPLOYER may utilize any methods or techniques of construction, and there shall be no limitations or restrictions on the use of machinery, pre-cast materials, equipment, tools or other labor-saving devices, nor shall there be any limitations upon choice of materials equipment or design. The EMPLOYER shall assign and schedule work and shall determine when overtime will be worked and may require reasonable overtime. ARTICLE VII (7)
NO STRIKES - NO LOCKOUTS

The UNIONS, the EMPLOYERS, and the EMPLOYEES, individually, realize the importance to all parties of the uninterrupted performance of the work within the TERRITORY. The term "TERRITORY" includes all areas within the Idaho National Laboratory.

The EMPLOYEES will not strike, engage in any picketing, sympathy strikes, sit-downs, stand-ins, slowdowns, wobbles, walk-offs, mass resignations, or other refusals to work, and will refuse to honor any picket line established by anyone, whether parties to this AGREEMENT or otherwise, and will not make any attempt of any kind to dissuade others from making deliveries to, or performing services for, or otherwise doing business within the TERRITORY.

The UNIONS will not encourage, or condone any picketing, strikes, sympathy strikes, sit-downs, stand-ins, slowdowns, wobbles, walk-offs, mass resignations, or other refusals to work of any kind, or attempts to dissuade others from making deliveries to the TERRITORY, from performing services for, or otherwise doing business within the TERRITORY, and if such prohibited activities occur, the UNIONS will take all reasonable and necessary actions to end such prohibited activities. If the local unions strike on non-INL areas the unions will continue to provide labor to support all INL construction projects.

There shall be no lockout by the EMPLOYER, even in the event of a strike over local or area contract negotiations, it will be considered a violation of this AGREEMENT for the EMPLOYER(S) to stop work covered by this AGREEMENT for the duration of a local or area strike, or from shutting down all or part of the work within the TERRITORY. In addition, in the event of a strike over local or area contract negotiations, it will be considered a violation of this AGREEMENT for the UNION(S) to refuse to furnish men to the EMPLOYER(S) for the duration of the strike within the TERRITORY or otherwise attempt to dissuade others from the performance

(4)

of work on the Project, or from making deliveries thereto, or from performing services or otherwise doing business within the TERRITORY.

Any EMPLOYEE who participates in or encourages any activities which interfere with the normal operations within the TERRITORY shall be subject to injunctive action and disciplinary action including discharge. The UNION shall not be liable for acts of EMPLOYEES for which it has no responsibility.

The UNIONS further agree that if any UNION or any other persons, whether parties to this AGREEMENT or otherwise, engage in any picketing or work stoppage, the UNIONS shall consider such work stoppage or picketing to be illegal, and will refuse to honor such picket line or work stoppage within the TERRITORY. The UNION agrees that it will not permit or condone any sympathy strike by its members for any reasons.

No provisions in any existing or future local or area collective bargaining agreement shall be deemed to limit or restrict the EMPLOYER'S right to fully pursue any and all remedies available under law in the event of a violation of this Article.

In lieu of or in addition to any other action, any signatory party to this AGREEMENT may initiate Grievance Procedure Step 3 when a breach of this Article is alleged.

ARTICLE VIII (8)

EQUAL EMPLOYMENT OPPORTUNITY

It is agreed that affirmative action shall be taken to afford equal employment opportunity to all qualified persons without regard to age, race, creed, color, sex or national origin; further, equal employment opportunity shall be given to Vietnam era veterans and handicapped persons. This commitment shall be applicable to all matters relating to hiring, training, promotion, transfer, or termination of EMPLOYEES. Furthermore, the parties agree to cooperate to the fullest extent to achieve the intent and purposes of Title VII, Civil Rights Act of 1964 as amended, and Executive Order 11246 or such laws or executive orders as may supersede them.

ARTICLE IX (9)

SIGNATORY CONTRACTOR REQUIREMENTS

Any contractor or his subcontractor at any tier who is a party to agreements for construction work with Local Union(s) having jurisdiction over the type of work being contracted under this AGREEMENT, or party to a National Labor Agreement for such construction work, shall become signatory to this AGREEMENT for all work covered in such contracts or subcontracts. Provision will be made for any such EMPLOYER or subcontractor at any tier to sign and fully comply with this AGREEMENT for all work covered by its contract or subcontracts performed at the site of construction, provided that this SITE STABILIZATION AGREEMENT shall apply within the TERRITORY only.

If any EMPLOYER or his subcontractor at any tier who is signatory to this AGREEMENT subcontracts the performance of any work, written provision shall be made within the subcontract for compliance by the subcontractor with all the terms and provisions of this AGREEMENT. In conformity with such obligation, any EMPLOYER or subcontractor shall indicate his acceptance of the terms and conditions of this AGREEMENT as governing work within the TERRITORY by

(5)

signing the EMPLOYER'S Signature Sheet provided for this purpose and delivering a copy thereof to the COORDINATOR and to the appropriate UNIONS prior to his commencement of any work within the TERRITORY.

A signatory contractor's lower tiers must be signatory to the Site Stabilization Agreement and must, therefore, use the hiring hall procedure of the local unions.

The UNIONS agree that the provisions, conditions and benefits hereof shall be extended to all EMPLOYERS and subcontractors at any tier insofar as work within the TERRITORY is concerned, provided only that such contractors or subcontractors shall become signatory to this AGREEMENT.

Any EMPLOYER, subcontractor, or UNION who becomes a party to this AGREEMENT as provided above shall alone be liable and responsible for his own individual acts and conduct and for any breach or alleged breach of this AGREEMENT by him, and shall not have any imputed responsibility or liability for any breach of another EMPLOYER, subcontractor, or UNION. Any alleged breach of another EMPLOYER, subcontractor, or UNION or any dispute between a UNION and any EMPLOYER, any subcontractor or other UNION respecting compliance with the terms herein shall not affect the rights, responsibilities, obligations, and duties between the UNION, EMPLOYERS or subcontractors at any tier who are party to this AGREEMENT. The liability of the separate UNIONS, EMPLOYERS and subcontractors under this AGREEMENT shall be several and not joint.

All company owners and or owner/operators shall comply with Article IX -9 (Signatory Contractor Requirements), Article XIV -14 (Hiring Procedures), all applicable Appendices, and all other terms and conditions of the INL Site Stabilization Agreement.

ARTICLE X (10)

NON-SIGNATORY CONTRACTOR REQUIREMENTS

Nothing in this AGREEMENT shall be construed to limit the OWNER'S right to make selection for purposes of awarding construction contracts or material purchase orders within the TERRITORY, and the right of refusal remains solely with the OWNER. If such award is to a contractor which is not signatory to a union agreement covering such work, then such contractor and his non-signatory subcontractors shall not be obligated to become signatory to this AGREEMENT.

Nothing herein shall be construed to limit the right of the UNIONS to engage in lawful organizational efforts to organize the EMPLOYEES of non-signatory contractors or subcontractors.

Subcontractors signatory to an existing Union Agreement covering work under a contract with a non-signatory contractor will be required to execute this AGREEMENT in accordance with the requirements for signatory contractors.

It is acknowledged, however, that the OWNER shall make provisions in contracts which are subject to the Davis-Bacon Act within the TERRITORY, to pay to or for the account of their EMPLOYEES in the classifications set forth, not less than the wages and other compensation including, but not limited to, fringe benefits, overtime premiums, and per diem as provided by this AGREEMENT, and the Appendix A of this AGREEMENT. The obligation of such contractor or

(6)

his subcontractor to pay fringe benefits shall be governed by making the payments in accordance with the provisions in the amendments to the Davis-Bacon Act contained in the Act of July 2, 1964, (Public Law 88-349) in the Department of Labor Regulations and implementation thereof (29 CFR, Parts 1, 5), but shall not limit his obligation to provide other compensation as provided above. The Contracting Officer of the OWNER shall, from time to time, direct all contractors and subcontractors on the work subject to the Davis-Bacon Act within the TERRITORY, to pay amounts for wages and other compensation as this AGREEMENT may be modified from time to time.

A signatory EMPLOYER shall not subcontract or otherwise transfer in whole or in part any construction work covered by this AGREEMENT to be done at the site of the construction, alteration, painting or repair of a building, structure, or other work unless the person, firm, corporation or other business entity is signatory to this AGREEMENT.

The furnishing of materials supplies, or equipment and the delivery thereof shall in no case be considered subcontracting.

For procurements under the control of the signatory EMPLOYER, fabrication provisions of the appropriate National craft agreements will be recognized. The OWNER may purchase equipment and material from any source without any restriction and the UNION will install the equipment and materials in an efficient, workman-like manner.

ARTICLE XIII (13) **RECOGNITION**

This AGREEMENT shall govern the employment of workmen who are employed on the project by any signatory employer within the recognized historical and traditional craft jurisdiction of the signatory UNIONS, as the same is defined by the Building and Construction Trades Department AFL-CIO as of the date of this AGREEMENT.

Signatory EMPLOYERS hereby recognize the UNIONS as the sole and exclusive bargaining agents for workmen so employed, subject however to such exclusions as may be incorporated in local area bargaining contracts of the respective Unions within the boundaries of the Idaho Building Trades Council.

It is understood that this AGREEMENT does not cover:

(7)

Executives Professional Engineers and their Helpers (Subject to Appendix A),

Testing (**CC testing**) or inspection of equipment, apparatus or systems of the OWNER shall be considered covered by this AGREEMENT. After such OWNER'S acceptance of and physical possession of such equipment, apparatus, system, facility, or component, it shall not be considered work covered by this AGREEMENT. However, any deficiencies found during or after (**SO testing**) shall be performed under the terms of this AGREEMENT.

ARTICLE XIV (14) **HIRING PROCEDURES**

Any EMPLOYER signatory hereto agrees to be bound by the Idaho Building Trades General referral procedure (Appendix E) of the local union's signatory hereto, not inconsistent with the terms of this AGREEMENT. Applicants referred to a job shall report to the EMPLOYER'S office established for that job. It is understood that employment begins and ends at the jobsite, except for the initial security check-in.

The EMPLOYER shall not pay for time spent preparing necessary forms to obtain a security clearance. However, a reasonable time will be allowed for each employee for initial security check-in at time of initial hire or re-hire.

The UNIONS agree to furnish at all times to the EMPLOYER qualified journeymen and apprentices in a sufficient number, as determined by the EMPLOYER, per the ratios defined in the appropriate Appendix A's as may be necessary under the terms specified in this AGREEMENT.

If, upon request, the UNION is unable, within forty-eight (48) hours (Saturday, Sunday and Holidays excluded), to supply workmen, including workmen with special skills or qualifications, the EMPLOYER may secure workmen from any other source. The Union does not have the right to change a manpower request.

The Idaho Building Trades Union President will maintain the "Idaho Building Trades General Referral Procedures." Any proposed changes to the procedure will be submitted to the Site Labor Coordinator (SLC), who will send them to the Executive Board for review for acceptance. Upon acceptance of the proposed change(s) or amendments to the Idaho Building Trades General Referral Procedures by the Executive Board, the SLC will revise the SSA to include the change(s) to Article XIV Hiring Procedures and the Appendix E . The SLC will publish a new revision to the SSA with the changes and the Idaho Building Trades General Referral Procedures will be available to all signatory contractors and prospective new contractors wanting to work at the INL.

ARTICLE XV (15) **UNION SECURITY**

"Good Standing" for the purpose of this AGREEMENT is interpreted to mean the payment or tender of initiation fees and Union dues uniformly required as a condition of acquiring or retaining membership. When an EMPLOYEE FAILS TO tender to an authorized agent of the UNION such initiation fees or UNION dues as are required for good standing membership, the EMPLOYER will, upon written request from the UNION, terminate the EMPLOYEE immediately, unless it interferes with the contractor's efficiency of operation, but no later than the end of the shift. Such written request from the UNION shall certify the delinquency, one copy to be mailed or delivered to the project superintendent of the EMPLOYER, one copy to the delinquent EMPLOYEE, and the third copy to the COORDINATOR.

Effective August 1, 1989, Article XV -15, Union Security, is of no effect through the application of the Idaho Right-to-Work law. Unpaid holidays recognized under this AGREEMENT shall be as follows:

New Year's Day	Veteran's Day
Memorial Day	Thanksgiving Day
Independence Day	Friday following Thanksgiving Day
Labor Day	Christmas Day

Should any of these holidays fall on a Sunday, the following Monday shall be considered a legal holiday and observed as such. A holiday shall be the 24-hour period commencing with the start time of the first shift on the day of the holiday. No work shall be performed on Labor Day except to save life or property.

The language stands as written; Holidays that fall on Saturday are recognized on Saturday.

7. **Emergency**

It will not be a violation of this AGREEMENT when the EMPLOYER or OWNER considers it necessary to shut down the project because of an emergency situation that could endanger life, safety or property. In such cases, EMPLOYEES will be compensated only for actual time worked. In the case or situation of an emergency as defined herein whereby the EMPLOYER requests EMPLOYEES to remain at the job site, the EMPLOYEES will be compensated for such time at the applicable rate of pay as provided herein.

8. **Per Diem Pay**

Under the terms of this AGREEMENT, no subsistence, pay for travel time, mileage, or zone rates will be paid to any EMPLOYEE. However, because the TERRITORY is located in a remote location and a considerable distance from populated areas, the EMPLOYER agrees to pay each EMPLOYEE seventy-five dollars (\$75.00) per diem payment for each day worked. The per diem payment shall be reviewed by the Executive Committee every two years on the anniversary date of this AGREEMENT.

Individuals who voluntarily ride in Employer furnished transportation will receive \$45.00 per day whether riding or driving. If Contractor transportation is offered the per diem is the same as above per day.

The per diem payment will be paid in its entirety if the EMPLOYEE is sent home for reason other than termination for just cause. If the EMPLOYEE leaves the project voluntarily of his own accord, then the per diem shall be prorated on hours worked basis. No per diem payment will be paid if EMPLOYEE travels to and from the TERRITORY in EMPLOYER provided transportation during the designated shift hours.

The OWNER, because of various reasons, may elect to extend to the construction craftsmen transportation privileges provided by the OWNER'S operating contractor. In the event the OWNER designates a project warrants furnished transportation there will be a five dollar (\$5.00) per diem payment made. However, because of time requirements and Health/Safety issues involved in using provided transportation, cafeteria privileges and washroom facilities will also be extended to those construction craftsmen.

(16)

Until a bona fide bus system is provided, the employee will receive per diem for travel regardless of what the individual rides in.

The per diem payment shall be reviewed by the Executive Committee every two years on the anniversary date of this AGREEMENT.

9. Reporting Pay

When an EMPLOYEE reports for work at the time and place specified by the EMPLOYER and

he is not put to work, or he works less than two (2) hours, he shall be paid for two (2) hours at the applicable straight time rate of pay. If, after working two (2) hours, he is prevented from working a full eight (8) hours he shall be paid for actual hours worked. It is the intent of this section that an EMPLOYEE who shows up for work shall be paid at least two (2) hours of a shift, except when he had been notified, at the EMPLOYER'S expense, not to report either by direct contact by the EMPLOYER or through a proper notice, at the time and place determined by the Standing Board of Adjustment. When the proper notice is given and the EMPLOYEE reports, he shall not be entitled to reporting pay. Telephone contact or announcement per Appendix C shall be considered proper notice.

The two (2) hours reporting pay on Holidays, Saturdays, and/or Sundays shall be paid at the applicable overtime rate. If it is a double time day, the two (2) hours reporting pay is to be paid at double time; if it is a time-and-a-half day, the two (2) hours reporting pay is to be paid at time-and-a-half.

If, after working two (2) hours, he is prevented from working a full eight (8) hours or ten (10) hours he shall be paid for actual hours worked.

If an EMPLOYEE leaves the job on his own accord, he will be paid for actual hours worked. If an EMPLOYEE reports to work in a condition unable to work, he will not be eligible for reporting pay.

ARTICLE XIX (19)
APPLICATION OF APPENDIX A

Appendix A shall incorporate herein those wage rates, fringe benefits, working conditions (where not in conflict with this AGREEMENT, where expressly approved by the Executive Committee, and published as an attachment hereto), hiring procedure (where not in conflict with this AGREEMENT), Apprentice Ratios and Standards, tool lists and allowable salary deductions of the local area collective bargaining agreements specifically agreed to and contained therein. No other provisions in the local area collective bargaining agreement shall be considered part of this AGREEMENT or binding on the EMPLOYER or UNION within the TERRITORY unless incorporated herein.

The provisions of Appendix A shall be applicable for the duration of said wage rates and fringe benefits in the local area collective bargaining agreements and until the notice hereinafter specified. If during the life of this AGREEMENT changes in the local area collective bargaining agreements are established and agreed upon by the bona fide collective bargaining representative of EMPLOYERS party thereto and the UNION party thereto, to the extent that such provisions fall within the scope of provisions contained in Appendix A of this AGREEMENT, Appendix A shall be automatically modified to incorporate such changes. The UNION involved shall within 30 days notify the COORDINATOR and signatory EMPLOYERS of such changes in writing with specific reference to applicable changes and by attaching a copy of the duly executed local area

(17)

collective bargaining agreement and a list of EMPLOYERS parties thereto. Such changes shall be effective upon the effective date applicable to the said local area collective bargaining agreement subject to any necessary government approval and proof thereof. Appendix A shall then be modified to reflect such changes.

To the extent that provisions are contained in the main agreement herein rather than Appendix A, such provisions will not be altered by any changes in the local area collective bargaining agreement.

No provisions in the local area collective bargaining agreement shall be incorporated in Appendix A

pursuant this Article which discriminates against this site or was negotiated by the parties thereto to have special application to this site.

Industry promotion funds, for the purpose of this AGREEMENT, are not considered an EMPLOYEE fringe benefit.

1)The term "Local or area contract negotiations" refers to locally negotiated Bargaining Agreements

2) Locally negotiated Bargaining Agreements shall be interpreted as Construction Agreements affecting the Site Stabilization Agreement and having been recognized as such by the Executive Board

Where a "me too" clause exists in a local collective bargaining agreement, it will be part of the wages. If it is not listed, then "me too" will not apply.

The provisions of Appendix A shall be applicable for the duration of said wage rates and fringe benefits in the local area collective bargaining agreements and until the notice hereinafter specified.

Signatory unions will submit their hiring hall procedures and apprenticeship ratios to the Site Labor Coordinator's office to be made available upon request to Site Stabilization Agreement (SSA) signatory contractors.

ARTICLE XX (20) **UNION REPRESENTATIVES**

1. Union Representative Visit

Authorized UNION representatives shall have access to jobsites within the TERRITORY during working hours where work covered hereby is being performed provided that such representatives do not unreasonably interfere with the work of the EMPLOYEES. Arrangements for such visitations shall be made through the EMPLOYER and will be performed as expeditiously as possible and will be in keeping with the OWNER'S uniform rules of safety and security.

2. Stewards

Each UNION shall have the right to designate a working journeyman as a steward. The UNION shall notify the EMPLOYER in writing of the identity of their designated steward. In addition to his work as an employee, the steward shall have the right to receive, but not to solicit, complaints or grievances, and to discuss and assist in the adjustment of the same with the employee's appropriate supervisor. The EMPLOYER will not discriminate against the steward in the proper performance of his union duties. The steward shall not leave his work

(18)

area without first notifying his appropriate supervisor or foreman as to his intent and the reason thereof, he can be reached, and the estimated time that he will be gone. Stewards shall not have the right to determine when overtime shall be worked or who shall work overtime.

The EMPLOYER shall have the right to implement a system of written accountability of time spent by all stewards in the performance of their duties whenever they deem such action necessary. The presence or absence of the steward shall not affect the work of the craft. The steward, in addition to this work as a journeyman, will be permitted to perform during the work hours such of his normal UNION duties as cannot be performed at other times. The UNION agrees that such duties shall be performed as expeditiously as possible and the EMPLOYER agrees to allow the steward a reasonable amount of time to perform such duties. The steward shall receive his regular craft rate of pay. The steward's duties shall not include any matters relating to any supervisory function over which the EMPLOYER retains sole control. If a steward violates any of the rules of this Article, or fails to work or competently perform work assignments, the EMPLOYER shall have the right to take whatever action deemed appropriate, including termination.

The working steward designated for one EMPLOYER has no authority with regard to the work of another EMPLOYER. If he should become involved in the affairs or disputes of another EMPLOYER, he will be subject to discharge. The EMPLOYER agrees to notify the UNION two (2) working days, confirmed in writing stating the cause, prior to termination of the working steward except for a violation of work rules. The steward shall be the last EMPLOYEE laid off provided he is qualified to perform the remaining work of the EMPLOYER.

ARTICLE XXI (21)

GRIEVANCE PROCEDURE

Section 1. A grievance is defined as a dispute regarding the interpretation and application of the provisions of this INL Site Stabilization Agreement filed by a UNION or EMPLOYER covered by this AGREEMENT.

Section 2. The COORDINATOR, UNIONS and EMPLOYERS shall attempt to achieve compliance with this AGREEMENT by both UNIONS and EMPLOYERS who are parties hereto.

Section 3. Grievances relating to the acts or failure to act of any party shall be filed against that party. There shall be no actual or threatened work stoppage, work interruption, slowdown, featherbedding, sit down, strike, picketing, hand billing, or public notice of any kind during the entire term of the grievance proceedings.

Section 4. All grievances shall be handled in the following manner, except where an established C.I.R. is provided for in the local agreement in which case those provisions shall apply:

- (a) **Step 1.** A grievance may be filed no later than five (5) working days after the act alleged to constitute a grievance occurred. The grievance must be presented by the UNION or EMPLOYER to the proper EMPLOYER or UNION representative involved

(19)

as the case may be. If the grievance is not resolved within one (1) working day, the grievance shall be reduced to writing, citing the Article and paragraph of this AGREEMENT which has been allegedly violated. Such written notice shall identify and describe the grievance. It should contain the name of the Grievant, the UNION, and the EMPLOYER; a detailed description of the act, failure to act, or incident alleged to constitute the breach; and a statement of the relief or remedy sought. The Grievance Procedure Form, attached hereto, shall be used to initiate all grievances within the TERRITORY.

After the grievance is reduced to writing, the Grievant is given 5 working days to transmit the written grievance to Coordinator and Respondent by certified mail, confirmed facsimile or confirmed email.

- (b) **Step 2.** If the grievance is not settled at Step 1, the written grievance may, no later than five (5) working days after the time limitation set forth above for Step 1, be referred by the Grievant UNION or EMPLOYER involved to the COORDINATOR for discussion and resolution by the COORDINATOR, if possible.

The Coordinator, within 10 days, then attempts to resolve the grievance between the Grievant and Respondent. If the grievance is not resolved with the help of the Coordinator, either party has 5 working days to request, in writing, a Grievance Board of Adjustment hearing.

If the Grievance Board of Adjustment is requested, a hearing shall be scheduled within 5 working days of receipt of written notice

- (c) **Step 3.** If the grievance is not settled at Step 2, the grieving party shall request a Grievance Board of Adjustment review within five (5) working days by delivering written notice to Respondent Party, COORDINATOR, and UNIONS and/or International Unions. Within five (5) working days of such notice, a Grievance Board of Adjustment meeting shall be held and vote taken with respect to the disposition of the grievance.

The Grievance Board shall consist of a total of eleven (11) duly appointed representatives of the following: (1) Five (5) representatives of a signatory local UNION appointed by the UNION (such representatives shall not be a party to the specific dispute); (2) five (5) EMPLOYER representatives' signatory to this AGREEMENT appointed by the EMPLOYER (such EMPLOYERS shall not be a party to this dispute); and (3) the COORDINATOR. The COORDINATOR shall be a non-voting member. A quorum shall consist of three (3) or more UNION representatives and three (3) or more EMPLOYER representatives with equal votes. A majority vote will settle the grievance. If not settled in this step, then it shall go to Step 4.

When a breach of Article VII (7) is alleged, the Grievance Board of Adjustment meeting shall be held within two (2) working days after notice is received. The sole issue at the hearing shall be whether or not violation of this Article has in fact occurred and the Grievance Board shall have no authority to consider any matter in justification, explanation, or mitigation of such violations or to award damages, which issue is reserved for court proceedings, if any. The Award shall be issued in writing within three (3) hours after the close of the hearing and may be issued without an opinion. If any party desires an opinion, one shall be issued within fifteen (15) days, but its

issuance shall not delay compliance with, or enforcement of, the Award. The Grievance Board of Adjustment may order cessation of the violation of this Article and other appropriate relief, and such Award shall be served on all parties by hand or registered mail upon issuance.

- (d) **Step 4.** In the event the dispute is not resolved at Step 3 above, either party may serve upon the other and the COORDINATOR written notice by certified mail, within five (5) working days, requesting that the dispute be resolved by arbitration. If such a written notice is served, the parties shall jointly request the Federal Mediation and Conciliation Service to submit the names of five (5) qualified arbitrators, from which list the UNION and the EMPLOYER shall alternately strike names until only one name is left, which

person shall hear and resolve the dispute.

A hearing shall be conducted by the arbitrator, at which time the parties to the dispute shall be given the opportunity to appear and offer evidence in support of their positions. A decision by the arbitrator shall be rendered in writing within a reasonable time, not to exceed ten (10) days after the conclusion of the hearing. The decision by the arbitrator shall be final and binding upon the parties; provided, however, that the arbitrator shall not have the authority to alter or amend the provisions of this AGREEMENT in any way.

The reasonable expenses and fees of the arbitrator shall be borne equally by the parties.

Section 5. Decision at any step shall be submitted in writing and shall be final and binding on all parties.

Section 6. The parties to any stage of the grievance procedure shall not have the authority to modify, amend, alter, add to, or subtract from any provisions of this AGREEMENT. The Grievance Board of Adjustment and arbitrators shall be limited to the grievances as stated on the Grievance Procedure Form specified in Article XX (20), Section 4.

Section 7. A grievance shall be considered null and void if not filed and processed by the Grievant in accordance with the time limitations set forth above unless the parties involved agree in writing to extend said time limitations. The Grievance Board of Adjustment and/or arbitrator shall not have the authority to excuse a failure by the Grievant to comply with the time limitations set forth above regardless of the reason given for such failure.

Section 8. Decisions at any step may be enforced by any Court of competent jurisdiction upon filing of this AGREEMENT and all other relevant documents referred herein above in the following manner. Telegraphic notice of the filing of such enforcement proceedings shall be given to the other party. In the proceeding to obtain a temporary order enforcing the Grievance Board of Adjustment or arbitrator's decision as issued, all parties waived the right to a hearing and agree that such proceeding may be *ex parte*.

Such agreement does not waive any party's right to participate in a hearing for final order of enforcement. The Court's order or orders enforcing the Grievance Board of Adjustment or arbitrator's decision shall be served on all parties by hand or by delivery to their last known address or by registered mail.

Section 9. Any rights created by statute or law governing arbitration proceedings

(21)

inconsistent with the procedure or which interfere with compliance therewith, are hereby waived by the parties to whom they accrue.

NOTE: Jurisdictional matters, including assignment and procedure, are **not** subject to the Grievance

Procedure of the INL Site Stabilization Agreement.

Timeline for proper filing and moving grievances: (days are designated as working days)

Friday is not a working day as it pertains to the grievance procedure.

Those Unions with an established C.I.R. are encouraged to solve Site grievances through the Site Stabilization Agreement procedure.

Grievance was filed timely even though spool pieces had been fabricated some time before the grievance was filed. The Board felt the union had no reason to know the work by WINCO had been done.

SAFETY AND HEALTH

Safety standards of the OWNER and all safety policies of the EMPLOYERS must be observed by the EMPLOYEES and the EMPLOYERS on all work covered by this AGREEMENT.

Any EMPLOYEE'S failure to comply with the safety requirements heretofore referred to, or failure to participate and cooperate in such program, shall be cause for discharge.

The UNIONS agree that all EMPLOYEES will be required to use all required safety equipment, and all required protective clothing. Failure or refusal to use such protective equipment is cause for discharge

INL WORKPLACE SUBSTANCE ABUSE PROGRAM

II. Policy Statement

It is the policy of the Operating Contractor and all Construction Companies performing work at the INL to maintain a drug-free workplace. The illegal use of drugs, on or off duty, is inconsistent with the law-abiding behavior expected of all citizens. The use of illegal drugs or abuse of alcohol or prescription drugs may impair the ability of construction personnel to perform tasks that are critical to proper work performance. The result is an increase in accidents and failures which pose a serious threat to the safety of all employees, subcontractors, visitors and the general public. Impaired employees also tend to be less reliable and prove to have greater absenteeism resulting in the potential for increased cost and delays in the timely completion of construction contracts/projects.

Furthermore, employees have the right to work in a drug free environment and to work with persons free from the effects of drugs and alcohol. Employees who abuse alcohol or drugs are a danger to themselves and to other employees.

Therefore, the Operating Contractor and the Construction Contractors will not hire or retain employees who use, possess, or sell illegal substances. Additionally, we will not tolerate abuse of legal substances that adversely effect work productivity, safety, or an employee's overall performance.

Notwithstanding the foregoing, an employee who self reports drug/alcohol abuse prior to notification of a test request will continue to be employed if they agree to and participate in an approved rehab program or EAP Counseling Program subject to DOE Security requirements. Such employee will be subject to random testing for up to two calendar years.

II. Construction Companies

The requirements for the INL Workplace Substance Abuse Program are incorporated in the Operating Contractor's terms and conditions for all subcontractors. Construction Companies will use the Operating Contractor's Occupational Medical Program (OMP) to implement the urine collection/testing requirements of this policy. If applicable, subcontractors must comply with the criteria outlined in 10 CFR 707 and DOT 49 CFR 40 and 49 CFR 382.

III. Testing Circumstances - Only individuals physically working at the INL Site or prospective employees will be tested

1. Testing Designated Positions (TDPs) and DOT positions:

Those positions identified as TDPs are required by 10 CFR 707 or those identified for alcohol testing under DOT 49 CFR 40 and 49 CFR 382.

Positions identified as TDPs (currently L and Q clearances at 30% per year) may be subject to random testing. Testing will be conducted under the INL Occupational Medical Program approved program.

2. Pre-employment Testing:

Prior to the start of employment, prospective employees will be asked to provide a urine sample to test for the presence of Substance Abuse and Mental Health Services Administration (SAMHSA) five drug screen substances. Presence of one or more of these substances will be cause for rejection of employment. Applicants who test positive or attempt to circumvent or falsify a substance abuse screening test, will be denied Site access for a period of one year. However, prospective employees who test positive but complete a rehab program or EAP Counseling Program may work at the INL Site, if hired, after 90 calendar days. Refusal to provide a sample for the test will be considered voluntary withdrawal of consideration for employment. If the medical facility cannot provide test results prior to the scheduled reporting date, employment will be considered probationary until the test results are known to Employer.

Once a pre-employment test is performed and the results are negative, a construction employee will be issued a "Clean Card" and may move from one Construction Company working at the INL Site to another without needing another pre-employment test as long as there is not more than a 90-calendar day lapse period working at the Site. If the individual has not worked at the Site for 90 calendar days or more, then a new pre-employment test will be required.

3. Reasonable Suspicion Testing:

Employees may be tested if their behavior creates the basis for reasonable suspicion of the use of drugs or alcohol. The concurrence of the employee's Manager, Operating Contractor's Legal Department, and the INL Medical Director is required prior to testing someone for reasonable suspicion. Such individuals will be properly trained to recognize such suspicious behavior. Reasonable suspicion is a good faith belief that an employee is impaired in some way based on facts such as the following:

- (1) Direct observation of drug or substance abuse
- (2) The physical symptoms of being under the influence of a drug and/or alcohol
- (3) A pattern of abnormal conduct or erratic behavior consistent with substance/alcohol abuse
- (4) Arrest or conviction for a drug related offense

(25)

- (5) Identification as the focus of a drug related criminal investigation (e.g., illegal drug possession, use, or trafficking)
- (6) Evidence that the employee has tampered with a drug test

Evaluation of aberrant behavior should be referred to the INL OMP when that behavior affects the employee's job performance or the performance of other employees.

Inappropriate or unacceptable behavior in the workplace is failure to perform one's job, or the impairment of judgment or reliability needed to perform a job, in a secure and safe manner.

4. Occurrence Testing:

When there is an occurrence, especially those which are required to be reported to DOE-ID (DOE Order 5000.3B), it may be necessary to test an employee for the use of illegal drugs, and/or alcohol, if in the opinion of management such individual could have caused or contributed to the conditions which caused the occurrence. Testing may occur following serious or potentially serious accidents or incidents in which results in an personnel injury, safety precaution were violated, equipment or property was damaged, unusually careless acts were performed, or where the cause was due to an employee's or other person's failure to wear prescribed personal protective equipment or follow prescribed safety rules while working on Company premises or the property of a customer.

IV. Drug Testing

The INL OMP contracts with a SAMHSA certified drug testing laboratory to test the specimens collected. Specimens are currently tested in accordance with SAMHSA guidelines, for the following drugs: Marijuana, Cocaine, Opiates, Amphetamines, Phencyclidine.

HHS requirements of the Omnibus Act became effective October 1, 2010. Drug Testing shall also include testing for MDMA (aka Ecstasy); lowering cutoff levels for cocaine and amphetamines; and conducting mandatory initial testing for heroin.

HHS requirements became effective October 1, 2017 and implemented November 1, 2017. Drug Testing shall also include testing for Opioids (Hydrocodone, Hydromorphone, Oxycodone and Oxycodone)

Consent by employees to submit to a screening test in accordance with this policy is a condition of employment. Employees who refuse to be tested or attempt to circumvent or falsify a substance abuse screening test will be suspended without pay pending final disciplinary action.

An employee suspected of being under the influence of a prohibited substance and/or alcohol may, for reasons of safety, be suspended without pay until test results are available. If the test proves negative, the employee will be reinstated with back pay.

An employee being tested for either Reasonable Suspicion or for an Occurrence as outlined in Section III above, will have a split sample test conducted.

The contractors reserve the right to test for any additional drugs listed in Schedules I and II of the Controlled Substance Act and for alcohol.

Random Drug Testing

The parties mutually agree on the need for a workplace free from illegal drugs and alcohol. As such by this revision, the INL Site is subject to a random drug and alcohol testing program. The SSA covered workforce will be considered in categories or pools as follows:

- Force Account
- Large Construction Projects (e.g., IWTU)
- BEA Subcontractors
- Miscellaneous Projects / Subcontractors

A category or pool will be activated for random testing when the recordable incident case rate for that category or pool exceeds 1.5 and will continue in effect until such time as the recordable incident rate drops below 1.5. By mutual consent between the parties, consideration can be given to the size of the pool and type of incidents when deciding to activate or deactivate a pool or category.

The random testing ratio will be set at 25%.

The INL Site Medical Officer will administer the care and custody of the drug testing program. All terms and conditions of Article XXI (21) remain unchanged except as provided by this revision.

V. Positive Drug Test Confirmation and MRO Determination

A test result that is positive on an initial, FDA-approved pre-screen at a SAMHSA certified testing laboratory, and confirmed as positive by that laboratory, will be reviewed by the INL OMP Medical Review Officer (MRO). The MRO will determine if the test result is MRO positive (no legitimate medical reason for positive laboratory result), or MRO negative (those where a legitimate medical reason for the positive laboratory result exists).

The MRO will inform a person whose drug screen is found to be positive of the right to have the original sample retested. If the donor elects to have a retest performed, the donor will have the option to have the retest done at the original SAMHSA certified test laboratory, or at another SAMHSA certified laboratory at his/her expense. If the retest proves negative, the employee will be reinstated with appropriate back pay.

VI. Consequences of Possession, Sale, or Manufacture of Drugs

An employee who possesses, sells, or manufactures illegal drugs in the workplace will be grounds for termination.

VII. Consequences of a Positive Drug Test on the INL Site

After management verifies that all procedural requirements and considerations have been met, an employee who tests positive for illegal drugs will be discharged. The employee will not be eligible for rehire for one year; provided, however, an employee who completes rehabilitation in less than one year, at his own expense, may be eligible for rehire if approved by the MRO. If rehired, such employee must show proof of completion of a rehabilitation program and agree to random testing for illegal drugs for up to two calendar years. An employee who tests positive for illegal drugs during said two year period will be discharged and denied access to the Site.

An employee who abuses the use of legal drugs or alcohol will be suspended for up to 30 days or

(27)

may be discharged under appropriate circumstances. Such employee will be subject to random testing for up to two calendar years. An employee that tests positive for [the abuse of] legal drugs and/or alcohol during said two-year period will be discharged and denied access to the Site.

Random testing may include monthly urine drug tests the first year and quarterly urine drug tests the second year following the positive test. Signed acceptance of the terms of a rehabilitation plan by the employee is a condition of continued employment.

Violations of the terms of a rehabilitation program will result in termination of employment and denial of access to the Site.

The Operating Contractor, or any other contractor, undertakes no obligation to pay for any rehabilitation, counseling, and/or treatment costs incurred by an individual under this policy.

An employee may contact the OMP's Employee Assistance Program for recommended counseling and/or treatment programs.

Stipulations of Understanding are available upon request and shall be in conformance with the Site Stabilization Agreement.

The Operating Contractor's Security organization will notify DOE-ID Security immediately of all MRO positive test results or other security concerns relating to an incumbent who holds, or is an applicant for, an access authorization.

VIII. Searches

A warrant-less search of an employee and his or her locker, work area, lunch box, personal belongings, or vehicle may be conducted at anytime, with or without reasonable suspicion, as a condition of entrance on the INL. The employee's refusal to cooperate is grounds for termination.

IX. Prescription Drugs

Employees using a prescription drug which may impair mental or motor functions shall inform their supervisor of such drug use prior to starting any work under such medication. If the Manager, in consultation with Medical, determines that such use does not pose any safety or product quality risk, the employee will be permitted to work.

X. Report of Drug Conviction

All employees must report to their supervisor and to the Personnel Security Supervisor, in writing, any arrest or conviction under a criminal substance abuse statute for violations occurring on or off Site. This report must be made within 10 calendar days of the incident.

XI. Records

Records related to illegal drug use shall be maintained with maximum confidentiality and shall

(28)

be provided only to MRO, contractor, and DOE personnel with a need to know. Release of such records to others shall only be as permitted or required by applicable law, following consultation with Operating Contractor's Legal Services.

ARTICLE XXIII (23)

STANDING BOARD OF ADJUSTMENT

The parties to this AGREEMENT hereby recognize the necessity of cooperation and the elimination of disputes, misunderstandings, or unfair practices on the part of any party, and to secure this end it is hereby agreed that a Standing Board of Adjustment shall be established to be composed of the COORDINATOR and representatives of signatory EMPLOYERS at the SITE, and UNIONS party to this AGREEMENT who shall meet not less than once a month. The UNIONS and EMPLOYERS shall at such meetings present facts concerning any alleged violation of any part of this AGREEMENT. They shall also bring up any practice which in their opinion might lead to a misunderstanding or dispute between the Parties.

The Standing Board of Adjustment shall not be used for the purpose of arriving at any agreement to supersede, alter, modify, amend, add to, or subtract from this AGREEMENT.

During the Standing Board of Adjustments meeting, the parties agree to provide all data necessary to determine forecasted labor (manpower) needs for the INL. Specifically, Employers will provide data regarding forecasted projects, anticipated labor needs (by craft), and approximate schedules for these needs. Employers will revise schedules and labor needs if project schedules are revised, or project is cancelled. Unions agree to provide basic labor availability data, including information what local, regional, and national labor resources are available for a given project. This information shall be readily available to support subcontractors for bidding purposes and will be updated at the monthly board of Adjustments meeting along with the Employer provided data.

The Standing Board of Adjustment meeting is an open meeting for all who has an interest in attending.

ARTICLE XXIV (24)

EXECUTIVE COMMITTEE

The Executive Committee as provided for herein shall have the authority to change the Per Diem rate stated herein; draft a valid article, clause or provision as provided for in the Savings Clause (Article XXIV); and to make revisions necessary to this AGREEMENT. The Executive Committee shall consist of fifteen (15) duly appointed representatives of the following: seven (7) representatives of signatory UNIONS appointed by the UNIONS and seven (7) representatives appointed by signatory EMPLOYERS, and the non-voting COORDINATOR. The Employer representatives shall be assigned as follows: two (2) DOE Environmental Management contractor representatives; two (2) DOE Nuclear Energy M&O contractor representatives; and three (3) representatives appointed by the signatory Employers. A majority vote will settle any matters before the Executive Committee.

In the event an issue, other than a proposed revision, is not resolved (i.e., tie vote) above, either

(29)

party may serve upon the other and the COORDINATOR written notice by Certified Mail, within five (5) working days requesting that the dispute be resolved by arbitration. If such a written notice is served the parties shall jointly request the Federal Mediation and Conciliation Service to submit the names of five (5) qualified arbitrators, from which list the UNION and the EMPLOYER shall alternately strike names until only one name is left, which person shall hear and resolve the dispute.

A hearing shall be conducted by the Arbitrator at which time the parties to the dispute shall be given the opportunity to appear and offer evidence in support of their positions. A decision by the arbitrator shall be rendered in writing by a reasonable time, not to exceed ten (10) days after the conclusion of the hearing. The decision of the arbitrator shall be final and binding upon the parties.

The reasonable expenses and fees of the arbitrator shall be borne equally by the parties.

Members of the Executive Committee shall be appointed for a term of one (1) year.

Rules and Procedures (Available on request)

Notification by regular mail is acceptable.

Notification by electronic means is acceptable with receipt. (i.e., e-mail)

Teamster Pension Trust Article XVIII Executive Board 8/21/00

IT IS AGREED by and between each signatory Employer and the International Brotherhood of Teamsters that such Employer hereby subscribes to the various agreements and declarations of trust and policies and procedures of the particular funds into which such Employer will be required to make contributions pursuant to the Idaho National Environmental and Engineering Laboratory Site Agreement, and agrees to be bound thereby and to amendments made or to be made thereto; and authorizes the parties to such trust agreements to name the trustees and successor trustees, and to administer the trusts; and does hereby ratify and accept such trustees and the terms and conditions of said trusts as fully and as completely as if made by each signatory Employer; provided, however, that no amendments or provisions of said trust agreements shall bind the Employer for any financial obligations beyond that set forth in the INL Site Agreement pursuant to which such contributions are made. Said Employer's obligations shall also be considered within and limited by the construction industry exemption of the Employee Retirement Income Security Act ("ERISA"), as amended by the Multiemployer Pension Plan Amendments Act of 1980 ("MEPPA") as long as said Employer is a construction industry employer within the meaning of 29 U.S.C. 1383(b) of ERISA and/or MEPPA. Furthermore, under this Agreement, Employer shall only be obligated to contribute to plans which primarily cover employees in the building and construction industry or plans which have been amended to provide that the construction industry exemption of Sec. 4203 of ERISA applies.

WORKING CONDITIONS - TEAMSTERS ONLY

1. Whenever a driver is fined, through no fault of his own, because of overload, including maximum weights or load distribution, or faulty equipment, the Employer shall pay all fines assessed against the Employee. If the Employee loses time, he shall be paid for the hours lost at the straight time hourly wage rate.
2. Actual reasonable road expense (meals and lodging receipts required) for Low Boy transport and other drivers will be reimbursed by the Contractor for time spent overnight away from established job site or Contractor headquarters.
3. It is the intent of this Agreement that warehousemen will not drive; drivers will not warehouse. It is also understood that certain situations will merit an overlap of these classifications to avoid gross featherbedding. Any overlap will only be allowed when there is a mutual consent between the Union and the Contractor.
